AMENDED IN ASSEMBLY APRIL 24, 2003

CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

ASSEMBLY BILL

No. 396

Introduced by Assembly Member Harman

(Coauthors: Senators Hollingsworth and Morrow)

February 14, 2003

An act to repeal and add Article 3 (commencing with Section 1570) of Chapter 5 of Division 2 of, the Fish and Game Code, relating to wildlife, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 396, as amended, Harman. Shared Habitat Alliance for Recreational Enhancement Program.

(1) Existing law authorizes the Department of Fish and Game to contract with the owners or lessees of land for the establishment of cooperative hunting areas.

This bill would repeal that provision and instead would require the department, in ~~consultation~~ *partnership* with nonprofit conservation groups and other interested nongovernmental organizations, to establish the Shared Habitat Alliance for Recreational Enhancement Program, to encourage private landowners to voluntarily make their land available to the public for wildlife-dependent recreational activities, as defined. The bill would authorize the department to enter into agreements with private landowners to make their land available for public use. The bill would prohibit General Fund money from being used for the program, but would authorize, among other things, the use

of user fees or hunting license or stamp sales for this purpose. The bill would authorize the department to require a person who wants to use land that is subject to an agreement to sign a waiver that releases the department and any nonprofit group or organization from liability for damage or injury that arises from that person's use of the land.

This bill would authorize the department to revoke the public access privilege of any person who violates a law or regulation while on private property that is subject to an agreement and would require the department to enforce all applicable trespass laws on that property. The bill would ~~authorize~~ *require* the Fish and Game Commission to establish regulations and fees for the purposes of the bill.

(2) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the department and the commission to pay all necessary expenses incurred in carrying out the Fish and Game Code, and to pay the compensation and expenses of the commissioners and employees of the commission. Unless otherwise provided, under existing law, all moneys collected under the code are deposited in the fund.

By imposing new duties on the department and *the commission, and by* increasing moneys deposited in the fund, the bill would make an appropriation.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.
